

## **Sample Fellowship Night**

Here's an example of what your fellowship night might look like. This is based off of a 7:00-8:30pm meeting. While it is important to close formally at the end time stated to ensure respect for members' time, feel free to let people know they're welcome to stay as long as they like afterward to continue the conversation or fellowship. (Sometimes this is the time when genuine relationships form and deepen!)

7:00-7:20: Chat, snack and welcome as people trickle in

7:20: Open with a prayer

7:25: Serve food

7:45: Open a discussion

8:30: Close the night with a prayer, and remind people they can stay longer if they like.
